Principal

August 28, 1996

Dear Parents and Staff:

To meet the requirements of the Asbestos Hazard Emergency Response Act (AHERA) of 1986, we were required to have an asbestos inspection and a management plan submitted to the Special Hazards Division of the Oklahoma State Health Department before October 12, 1988. We contracted for this inspection and submitted our plan before this date, and **NO ASBESTOS WAS FOUND IN THE SCHOOL BUILDING.**

Our management plan and asbestos file are available for your review in the school office.

If you have any questions about these requirements or our status, please let me know.

Sincerely,

David C. Crutchfield

Dave Crutchfield, Principal

"Training Christian boys and girls to live exemplary lives in school, at home, in the community and before God."
